

Submitter: sandra carrigg

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

i oppose SB 1521 because its taking away the rights of the publicly ELECTED school board members to retain their authority over an APPOINTED superintendent.

Superintendents work for the school board not the state. They are appointed by duly elected school members who work for the citizens of that school district!

Your proposal is an AFFRONT to the rights of ALL taxpaying citizens who elected the school board members .
