

Submitter: Renee Perry
On Behalf Of: AnDee Compton
Committee: House Committee On Judiciary
Measure: HB4142

Dear Representative Boshart Davis,

I am contacting you in support of protecting our vital health care workers by making an assault on a worker while on the job a felony. Now, more than ever, we need these front line workers. Assaulting a health care worker either by the person under care, or by a loved one of someone under care, cannot be taken lightly. This is a serious crime and the punishment should carry the same weight.

Thank you,

AnDee Compton
