

Submitter: Ms Henrie

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

As a parent who is completely disenchanted with Beaverton School District's superintendent, I completely oppose this bill. The school board is elected by, WE THE PEOPLE, and they are ultimately responsible for the hiring and firing of the superintendent--it is their job. We cannot allow the superintendent to go rogue and make policies that the community is against without any recourse. We voters are the voices for our children who do not have a voice. Please don't take this voice away from us by making it nearly impossible for the elected school boards to fire the superintendent. Please vote NO!
