Committee: Senate Committee On Education

Measure: SB1521

Please do not pass this bill. It is one more step to remove control of schools from parents and local communities. You seem to want to the ODE to control our children's education. This is a step toward communism. Do you think parents aren't capable of making decisions about their children's education. Passing this bill will result in more students being pulled from public schools to be home-schooled or enrolled in private schools. What's your next step? Making home schooling illegal? Making private schools illegal? You are taking lessons from Stalin and Chairman Mao.
