

Submitter: Alan Niven

On Behalf Of:

Committee: House Committee On Revenue

Measure: HB4115

When it is public money I want to know where it spent and invested. Invested funds should follow public policy. I want to see and know if this is happening. We need to build our future and invested funds is an very important tool. Where are we going? I want to see how our money is invested.

Transparency need to be at the heart of Oregon's government.
Please pass HB4115.

Thank you.
