On Behalf Of:

Committee: House Committee On Economic Recovery and Prosperity

Measure: HB4016

My name is Jeremy Salmon and I am a longtime resident of Portland. I am writing to testify in opposition to the proposed -3 amendment to HB 4016. While I am not opposed to the substance of the amendment, I am fully opposed to its funding source because it would reduce access to critical harm reduction and addiction recovery services. Measure 110 services by \$29 million per biennium. (In just six months, that same amount of money has helped over 16,000 people across Oregon access critical harm reduction and addiction recovery services.) These funds are critical to continue the M101 services.
