On Behalf Of: Mr Oregon SUPPORTS SB 1541

Committee: Senate Committee On Judiciary and Ballot Measure 110
Implementation

Measure: SB1541

Saturday; [02.05.22]

I SUPPORT [SB 1541]

This legislation is a little-late in coming since the State of Oregon has become a 'Drug Cartel'.

[SB 1541] is designed to thwart the illegal cultivation and sales of Marijuana.

Additional Funding for the Oregon State Police could be utilized from revenues gained from [SB 1501] and I do not understand why no-one, in the Senate Committee on Finance and Revenue has recommended the aforementioned allocation(s).

A 'Restricted Use Fund' should be created for sole use by the Oregon State Police to carry out the stated mission without any undue interruption(s) from the institutionalized incompetence which uniquely and unfortunately characterizes some of the decisions made by the State of Oregon's Legislature.

The 'Restricted Use Fund' is necessary to alleviate pressure(s) on the General Fund brought about by foreseeable illegal activity requiring unfunded law enforcement actions.

Good job creating [SB 1541], albeit a little late in the game.

Many sincere 'Thanks' to the Oregon State Police!
