Measure: HB4079

I strongly oppose ANY kind of sales tax, luxury tax, whatever you are calling it this time around! OREGON VOTERS HAVE ALREADY SPOKEN on this topic! You legislators have tried so many sneaky ways to enact a sales tax on us behind our backs. We have voted NO overwhelmingly EVERY time. Now it appears you all, once again, are trying to override the will of the people, like you did with allowing illegal aliens to obtain driver's licenses when WE VOTED NO! You are supposed to work for US, NOT the other way around.

And the purpose behind this new tax is not going to help anything! It's just going to draw MORE homeless and more crime! It's going to bring an undue burden on every city in Oregon. With the economy in the tank like it is, the last thing we need is more taxes and more handouts to those who WON'T contribute to society!
