On Behalf
Of:

Committee: Senate Committee On Judiciary and Ballot Measure 110
Implementation

Measure: SB1541

I oppose this bill.

I agree with the testimony provided by the M110 Advisory Council.

Oregon has (perhaps unwittingly) recruited some of the world's best behavioral health practitioners and policy makers to Oregon for our progressive policies on decriminalization.

The M110 Advisory Council and sub-committees are highly capable and need more time to implement M110

Oregon voters did not vote to give this money to police.
