Committee: Senate Committee On Judiciary and Ballot Measure 110  
Implementation

Measure: SB1541

At the core of SB 1541 is a disturbing undertone, one which should be noted. SB 1541 seeks to completely undermine the spirit held within Measure 110, which sought to reduce the punitive nature of Oregon's relationship with drugs, and instead put money right back into the hands of Oregon's police. Measure 110 was made law with more than one million votes from Oregonians in favor, and to so fundamentally change the implementation of the measure is undemocratic and unscrupulous. My hope is that this committee votes overwhelming against SB 1541 and maintain the original meaning of Measure 110.
