Committee: House Committee On Human Services
Measure: HB4011

Chair Rep. Williams and Committee members,

Please vote a NO on HB 4011! I'm sick and tired of these race-baiting bills, that are dividing this State by Race and ethnicity. We are a State and Nation of different races and ethnicity, it is unconstitutional to separate U.S Citizens in this manner, everyone is treated equally. There are two sexes in the human race Men and Women, Sexual Orientation is not a class! Stop it!
