

Submitter: Bob Sowdon
On Behalf Of: Oregon Citizens Lobby
Committee: House Committee On Business and Labor
Measure: HB4002

Chair Rep. Holvey and Committee members,

Please vote NO on HB 4002

"Gotta make Hay while the sun shines" is not just a catchphrase! As having a small farm in my retirement years, Farming is a job done in season and when weather permits, AG workers and Farm owners need to negotiate without the Government interfering, there is enough past history that shows this type of interference will cause food prices to rise and possible shortages at the market. Farms are as diverse as the population, crops vary as to the timing and needs of workers, a one size fits all application does not work on farms.
