

Submitter: Bob Sowdon
On Behalf Of: Oregon Citizens Lobby
Committee: House Committee On Rules
Measure: HB4133

Chair Rep Barbara Smith Warner and committee members,

Please vote NO on HB 4133

What could possibly go wrong when you allow third-party organizations to submit registration cards electronically on behalf of individuals? Will mistakes happen? Where is the personal choice of individuals? Voters should be in control of their own voter registration records.

What guarantees are there that only those that reside in Oregon when the Social Security number is submitted? This bill has Fraud written all over it.

Thank you
