

Submitter: connie fontaine

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

I understand wanted to help the homeless, but this bill would give 750.00 monthly. I have worked since I was 16 years old and my social security isn't even that much a month, so who is being fair. We have other ways of helping the homeless and how would you have control? We will have out of stater coming and how will we afford that.
