

Submitter: Milo Juenemann

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

No more incentives for attracting even more homeless population to Oregon, especially by taxing purchases which have nothing to do with the root cause of the problem. These Democrat driven ideas continue to fail spectacularly and now quite visibly in big cities all over America, yet this law continues to create more of the same. Legalize hard drugs and look what happens, insanity.
