

Submitter: Kimberlee Ayers
On Behalf Of:
Committee: House Committee On Human Services
Measure: HB4079

To Whom It May Concern:

I am in complete opposition of HB 4079. We do not need another new tax. Oregon has a budget surplus of \$8 million dollars. Our government and legislature must operate fiscally responsible and not overtax Oregonians.

This House Bill represents how out of touch and destructive our current elected politicians are that would support any such legislation.

I implore this bill to not advance.
