Committee: House Committee On Business and Labor

Measure: HB4002

This bill is very, very bad for farmers, ranchers and their employees that work along beside them. The employees will end up making less money in the end. As someone who is working in agriculture, there is some long hard hours but there is so many more benefit in doing the work. And I am not hearing the hard working people that work with the farmers & ranch complaining.

I hear more people complaining about Kate Brown than ANYTHING!
