On Behalf
Of:

Committee: Senate Committee On Judiciary and Ballot Measure 110
Implementation

Measure: SB1512

Only a liberal could even think of introducing such a bad bill that will endanger law-abiding citizens of the state. And not one of those liberals would even add their name to the bill but instead are hiding behind the committee name.

Oregon liberals continually hamper law enforcement as they restrict their actions with bad legislation and then try to defund them. This bill should be stopped immediately.
