On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

Please don't pass this bill. I am already paying almost 30% in taxes as a father and husband being the only income to my family. My wife is stay at home mother and it's rough enough as it is. We have 3 people, 2 dogs and a cat in a one bedroom apartment. Please don't make bills any harder than they are.
