Measure: HB4002

Farmers have only a short time-window to harvest crops at peak ripeness. This bill will force them to hire many more workers to get the harvest completed in a timely manner. Migrant farm work is seasonal, and workers want to work the extra hours to make a good income. Farmers cannot afford to pay time and a half, or double time. This bill will force them to hire a whole lot of workers who will only get 8 hours pay in a day, when the workers want more hours.
