Measure: HB4016

Dear Chair Lively, Vice-Chairs Cate and Kropf, and members of the House Committee On Economic Recovery and Prosperity,

As a psychiatric registered nurse, I can tell you from first-hand experience about the devastating toll that addiction and psychiatric disorders can take on people's lives. They need all the help they can get. It's reprehensible to think of removing help and funding from these folks. Do not allow funds to be reallocated from the pool that supports addiction treatment and recovery. People in our communities desperately need them. To take away these funds from people in need is ungodly and cruel.

Thank you,
Erin Olivia Bryndis
