

Submitter: Julie Stockfleth

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

HB4079 is not a bill for the people of Oregon. Oregonians have consistently turned down sales tax schemes. What low income Oregonians need is more family wage jobs! Not a hand out from the state of tax payer money that is filtered through the bureaucracy of government, skimmed here and there, and given as an incentive to stay poor. We can and should do better than this as a state!
