On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

I oppose HB 4079. This bill goes against what Oregonians have voted down many times before: A sales tax. My opinion, the homeless, poor and low-income need to work...work... work and not rely on another handout. Also my opinion, if HB 4079 passes, I will not be purchasing those items. Just make due with what I have, buy used, or make my own...utilizing the freedom on innovation.
