

Submitter: Pam Plant

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

Good morning, with all due respect, HB4078, Will not help the homeless community in the long run. It will encourage them to remain homeless and work the system. It will also encourage homeless from around the country and potentially the world to come to Oregon. There are other ways to help the homeless. HB 4078 will hurt the citizens of Oregon. Please do not support this bill. Thank you Pam Plant
