

Submitter: Sheri Weber  
On Behalf Of: OR Taxpayers and Business Owners  
Committee: House Committee On Human Services  
Measure: HB4079

I do not support sales taxes without public vote. I do not support expanding government footprint to manage this kind of a program, and adding more to the plate of the Oregon business owner. Until Oregon can demonstrate more fiscal responsibility and technical acuity then obtaining additional monies from the public for any project that promises to collect, track and disburse said monies is bound to fail IMHO.
