Measure: HB4079

We, the tax paying citizens of Oregon are OPPOSED to this give away of our, yes OUR tax dollars. To reward behavior we do not condone or want is foolish. To take OUR tax dollars and give them to people who for the most part neither work, NOR pay taxes is ludicrous. A reasonable and thinking person would see this idea as the epitome of a failed policy.

INSTEAD, allow us to KEEP our money and give it to charities WE choose to support, and keep the heavy boot of the government off our necks. Oregon does not need or want a sales tax, especially one that is selective, arbitrary, and goes against the WILL OF THE PEOPLE..
