

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SB 1528
Committee: Senate Committee On Health Care
Measure: SB1528

Monday; [SB 1528]

I OPPOSE [SB 1528] for the following reasons;

Veterans should have referrals to the Veterans Administration;

The Americans with Disability Act where Medicare gives assistance;

This program, although a welcomed insight to the suffering and needs of Brain Injured persons, requires more specifics as to funding and scope of services to be offered.

I suspect [SB 1528] is designed to cover 'illegal aliens' and or refugees.

I do not want anyone to suffer from injuries of any kind but...there is only so much money in the till and we must take care of our citizens medical needs.

[SB 1528] requires much more thought as to the specifics of cost and services to be provided.

David S. Wall
