

Submitter: David Wall
On Behalf Of: Mr Oregon SUPPORTS SB 1529
Committee: Senate Committee On Health Care
Measure: SB1529

Monday; [02.08.22]

I SUPPORT [SB 1529]

Even though Oregon has morphed into a Drug Cartel, Methamphetamine addiction and corresponding destruction of human life, pseudoephedrine and or ephedrine should be highly regulated.

Anyone with experience and knowledge of basic chemistry can create a 'Meth-laboratory' making 'Methamphetamine' from the aforementioned pharmaceuticals.

Police agencies need to have information on who is buying these drugs...especially, large quantities to thwart the illegal laboratories from producing Methamphetamine.

Good work with [SB 1529]!

You have earned your 'pay' with [SB 1529].

David S. Wall
