Measure: HB4002

I DO NOT SUPPORT the 40 hour ag week. You do not understand agriculture if you pass this bill. You cannot plant a seed and walk away until harvest. There is so much more that goes into it. A LOT of farm workers get a lot of benefits not told... housing furnish, heat furnish, electricity furnished, meat furnished, fuel and a vehicle furnished, and maybe even a phone. When you add up these benefits farm workers make a lot over the average worker as it is. You will only make the products of farms more expensive for the consumer. You ALL need to stop and go out to your farmers in your districts and talk to them and their workers... then come back to this... the supporters of this bill are only telling you what they want you to hear in the counter culture everything racist of today... Don't do it! Your non re-election could be the cost of supporting this....
