Measure: HB4002

Farmwork is HARD work, even when it's just 40 hours a week. But it is especially hard when the workers are not getting paid well (that is, they are getting exploited.) There is no reason but racism for the lack of OT for farm workers. We need to pay farm workers just like we pay other workers.

I support HB4002 even if it means food costs will increase a little.

Besides paying workers a fair wage, perhaps this bill will inspire non-immigrants to work as farm laborers, if they know they will get paid fairly. We desperately need farmworkers to harvest crops.

i want my food to be exploitation-free. Pass HB4002.
