Measure: HB4002

I am writing in regard to this bill. My understanding is, that it will lift the exemption, which has been in place since 1938. Please consider the effect on seasonal labor and what is being harvested. Because " nature and weather dictate hrs. needed." The effect is wide. It will cause farm workers to have less hrs, D/T farmers having to cut hrs. Producing less and charge more on what is harvested. A restricted by ag overtime bill. My vote is "NO". Lets keep what has worked all these yrs. Thank you for hearing my thoughts. Sincerely, Linda Mclucas.
