

Submitter: Mitchell Kirschner  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB4133

No ID required to register to vote in Oregon?

Only a social security number, which as we all know can be obtained through theft or black market purchase?

Combine that with allowing a third party to bulk register people through a computerized API - requiring only a social security number - how can anyone reasonably expect this \*not\* to further erode our already questionable election integrity in this state?

I am absolutely against this madness.
