Committee: House Committee On Rules

Measure: HB4133

Each and every voter needs to go through the entire process of registering to vote. I opppse this bill and don't approve of motor voter either. Each individual should knowingly, willingly and with clear understanding register not just to vote but also register as a party affiliate. Non Affiliated Voter simply means uneducated and shouldn't be voting. Fix the system rather than trying to bandaid it or trick it. Oppose this bad bill!!!
