

Submitter: Don Seil

On Behalf Of:

Committee: House Committee On Rules

Measure: HB4133

Representatives of the People of the State of Oregon.

I am opposed to the passage of HB4133 for the following reasons:

1. It is a diminution of my rights as a voter
2. It is unconstitutional to grant voting rights to non-citizens
3. It has the affect of no longer requiring non-citizens to be melded into US citizens gaining the knowledge of laws, rights, privileges, duties and responsibilities
4. It affords wider opportunity for fraudulent activities in elections

As representatives of the citizens of the State of Oregon you must vote NO on HB4133 to protect the rights of your constituency. Doing anything less is a violations of your oath to uphold the constitution.
