On Behalf Of: Oregon Statewide Jural Assembly
Committee: House Committee On Rules
Measure: HB4133

Do not pass this bill!!!

All power is inherent in the people

We have formed a Grand jury pool and trial jury pool of Oregonians -- non-US citizens –As a Grand Jury we brought forth 2 presentments for 38 de facto Prosecutors and 2 true bills against the evil doers Kate Brown, Ron Wyden, Jeff Merkley and Susanne Bonamici. on Oregon. Then we implement Article III Amendment VII. We tried our 1 governor, 2 Senators, 1 House Rep and 90 Oregon Legislators and found them all guilty as Oath breakers, without honor and may not hold a position of trust and guilty of due process violation 18 USC 3571 250K for each incident. This is a template for the other states.

We are the Oregon Statewide Jural Assembly. We meet on Skype most Mondays at 7:00PM. You will be notified. Our function is to return Oregon to a Constitutional Republican form of government thru a grand jury process. Following is a five-minute read. Then there are some attachments. We are seeking grand jury/trial jury members to take these ogres to trial.

Briefly: We are in a benevolent, predatory, form of martial law from DC/United States* incorporated governance in some form since 1861. It's Name is the Lieber Code from Lincoln's Executive Order 100 in color of law. We had a Constitutional Republican form of government from 1819 to 1860 or 1861. From 1776 to 1819 it was changing from an overthrown Monarchy. Most of the "people from 1776 to 1819 the people at large" were not convinced for a long time. There really is an active conspiracy, the industrial/military/judicial/legislative/executive/banker/ BAR/royalist/communist/Muslim/Georgia Guidestone complex.

This does not involve the true Constitutional Republican form of government on each of the several states. As long as there are still "people" - that is the body, mind, spirit as. juxtaposed to "person," the ALL-CAP NAME corporate fiction - all power is inherent in the people.

Rather than being subdivisions of the US, INC., each state is an autonomous Nation, each with its own Constitution! All power is inherent in the people. The number of people is not specified and a majority is not required as we are not a Democracy. The several states of the union are the creator party to "The United States of America's Constitution." The "people at large" are beneficiaries. The "people at large" are the creator party to their state's Constitutions.

The STATE OF OREGON's incorporated governance is color of law. Operated by the Salem oligarchy, aka Kate Brown et al, which is a subdivision of the DC/United States* as originally incorporated during Lincoln's era.

I think each STATE OF THE OTHER 49 is about the same. A little more carrot or a little more stick.

To remove the Lieber Code/martial law the method is clear and written down by the de facto. The Lieber code of Lincoln's EO 100 is nullified by a civilian court on the land. So says SCOTUS Ex parte Milligan. There was no -- none, zero! -- civilian courts on the land of Oregon. Until ours. I was told there is one on Texas, one on Philadelphia and one on Georgia. I have been unable to prove this. I do know there is no Article III court that will claim original jurisdiction. They have acquiesced so "we, the people, must do it ourselves."

The Army Heritage Center 717-245-3972/3949 verified the Lieber Code was updated and still in effect in 2015. No known changes since then. The Judge Advocate General attorney, acronym JAG, knew exactly what I was talking about.

A method of returning Oregon to a Constitutional Republican form of government was/is: We assembled our 1st amendment Oregon Statewide Jural Assembly 3 years ago. We notified the DOJ, USMS, FBI, 36 Sheriffs, 30 Senators, A.G, governor, Secretary of State lawfully and none rebutted our claim. They all acquiesced and defaulted.

We formed Article 1, Section 1 of Oregon's Constitution and in- formed all the same ones. We formed our civilian court of record and informed all the same ones.

Through Ex parte Milligan's authority we null
