On Behalf Of:

Committee: House Committee On Rules

Measure: HB4133

I strongly oppose HB 4133. The fundamental premise of our government is that it is of the citizens, by the citizens, for the citizens. ONLY citizens have, and can be, allowed to vote. Those who merely possess a social security number do not automatically qualify to vote. Our voting system, and voter registration, is shamefully easy to misuse already. Allowing this additional "proof" for the right to vote fundamentally violates our form of government, AND our constitution, not to mention proper identification laws. Please stop this bill in its tracks. It needs to stop in committee. Thank you.
