Measure: HB4133

There is typo in this bill "OR social security" instead of all other states "AND social security" number. Only requiring a social security number to register means there is no residency requirement to Vote in Oregon. This does not address any existing issue with registration in Oregon, it only helps increase fraud.

Why do we need 3rd parties to register anyone? Why can't the 3rd parties help the person to register rather than have essentially POW to do it for anyone they want? This is total Fraud and only hurts Oregonians.

Between these changes: ONLY an SSN, an image of a signature found on the internet, and a contractor getting paid to submit fake cards ANYONE OR ANYTHING can pay to get registered to VOTE IN OREGON.

This is the worst bill I've ever seen.
