On Behalf Of: Mr Oregon Supports SB 1564

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1564

Wednesday; [2.09.22]

I OPPOSE [SB 1564].

The production of 'Hemp' is too water intensive and the production process using Butane and Ethanol is way too explosive.

Regulate 'Hemp' grow operations and extractions using Butane and Ethanol into oblivion.

David S. Wall

Mr. Oregon Concurs.
