

Submitter: Jana Fussell

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: HB4080

I am writing in opposition to HB 4080. It creates special districts for killing wildlife deemed to be a threat to private property. The list of potentially targeted animals is long. The money will go to Wildlife Services an organization that uses means/methods that are cruel and, in the end, according to science ineffective. We need to learn to live with wildlife and employ humane alternatives instead of first turning to killing.
