On Behalf Of: Mr Oregon Supports SB 1534

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1534

Wednesday; [02.09.22]

I SUPPORT [SB 1534].

With all of you legislative folks prancing around the State house, it is past time for you to present the likes of [SB 1534].

Here are a few ideas to assist you in your deliberations; Grow more trees, support: fisheries, agriculture, protect riparian habitats, cease residential development in rural areas, compel 'green-roofs' on buildings, control erosion, mandatory flood control projects and consult with professional climatologists.

I have an idea I am going to experiment with-the use of nursery shade cloth on my house to reduce air-conditioning use. It should work.
