Dear Chair Holvey and Members of the House Business and Labor Committee,

I am writing to you today in support of farmworker overtime. Farmworkers should receive overtime pay after 40 hours in a workweek at one and one-half times the employee's regular rate of pay.

It is outrageous that anyone working in the United States of America be excluded from our labor rights. Covid-19 has taught us many things. For example, how vulnerable we are if our global markets fail us and shut down completely. We rely heavily on farm workers to keep our families fed. They showed up for us during the covid lockdown. Now I am asking you to show up for them.

Farmworkers deserve dignity, respect and labor rights. For too long they have been denied rights other workers have been afforded.

Overtime pay law was created to discourage employers from overworking employees. Before 1938, employers overworked workers even to the point of death. Exclusion from overtime pay requires farmworkers to work many hours without having time to do other things.

It is time for Oregon to join several other states in ending this racist practice of excluding agricultural workers from overtime pay.

I urge you to pass farmworker overtime in the 2022 Legislative Session to ensure farmworkers in Oregon are paid fairly for their skilled and essential labor.

Sincerely,

Mysti Frost
