

Submitter: Chris Wright

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB1589

I'm writing in opposition of SB 1589. My family has been safely and respectfully boating in the Newberg Pool area for over a decade. We routinely follow the rules of the waterway and see other boaters do the same. It is unfair to reduce the rights of boat owners to this waterway. There is no evidence supporting SB 1589 will resolve erosion concerns. If there are concerns about certain boaters not following the rules, dispatch law enforcement to address volitions. Please do not restrict waterway access to boaters who already safely and respectfully use this stretch of public waterways.

Chris Wright
