On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1534

I am writing in opposition of SB1534. At a time when the cost of living is rising, food prices soaring, you take aim at farmers and ranchers yet AGAIN. I am tired of having to look over my shoulder to see which government agency is coming next. It is not enough to have 2, maybe 3, it's got to 5 or 6! I am tired of government meddling in every aspect of my life under the guise of the next emergency. You create these special committee with zero representation of those who actually do the work or live the life. You sneak these bills in hoping they won't get noticed. Well, we ARE watching everything you do now. Enough. No on SB1534.
