On Behalf Of: Mr Oregon Opposes SB 1543

Committee: Senate Committee On Judiciary and Ballot Measure 110
Implementation

Measure: SB1543

Wednesday; [02.09.22]

I OPPOSE [SB 1543] WITH EXTREME PREJUDICE!

I support the deportation of all illegal aliens without hesitation and or the slightest measure of intestinal remorse.

Illegal aliens break our laws and others shield them from Federal Detection and removal.

The Legislature via [SB 1543] wants to spend [\$10,500,000] to provide 'universal representation' services to illegal aliens involved in deportation procedures as well as additional services defined in [SB 1543].

[SB 1543] states the relationship with the contracted 'universal representation' services is to be confidential, covered by the Attorney / Client privilege.

Using taxpayer monies to end-run the Public Records Act?

Should not Oregon voters decide by voting how the 'universal representation' is to be funded?

Mr. Oregon Concur-What's going to happen if Republicans take back the House and the Senate? Then the Presidency?
