

Submitter: Bruce Fabian
On Behalf Of: Boaters wanting more safety patrol
Committee: Senate Committee On Energy and Environment
Measure: SB1589

Erosion. Many boats DO NOT FOLLOW distance laws. I am passed illegally each time I am on the water. ENFORCEMENT is needed. EDUCATION is needed. To keep boaters from river bank distances, and other traffic. Too many BUI drivers are on the waterway, recklessly not following laws. MORE ENFORCEMENT AT THE DOCKS AS PEOPLE USE THE RAMP. And more officers on the river. WHO DRIVES THIS WAY ? People pulling tubes mostly!
Land owners rights end at the water line, not at the edge of their docks.
