

Submitter: Arne Goddik

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB4141

Over the last few years I have converted some of our old gas engine trucks to newer diesel trucks. Our older trucks were getting 4 to 5 miles per gallon of gas, and our newer diesels are getting twice the mileage. If this bill passes, I would have been better off keeping our old trucks. Please do not pass HB 4141. Sincerely Arne Goddik
