

February 2, 2022

Dear Co-Chair Holvey, Co-Chair Girod, and Members of the Sub-Committee:

Over the past several years, the Eugene Emeralds have been such great community partners with our local Springfield Ronald McDonald House and the PeaceHealth Heartfelt House. They have volunteered by cooking for guest families through our Meals from the Heart program, bringing Sluggo to events, participating in food drives, and donating items for our auction.

We are in full support of keeping our Eugene Emeralds and giving them a permanent home at the Fairgrounds property. The Em's are truly are a positive community support for many families and organizations in our area.

As a mom of kids who love the Em's and as a community partner that has experienced the benefit of the Em's in our city, I can't endorse supporting the Eugene Em's enough, and I hope you will support this project.

Thank you,

Jessica Ubel
