

Submitter: leeAnn Rawlins
On Behalf Of: HB4141
Committee: Joint Committee On Transportation
Measure: HB4141

My name is LeeAnn Rawlins. I am now 80 years old and have been involved in farming all my life We have a large seed farm and also Hazelnut trees . My family has been involved in the ag world for several generations.

I also have a ag related business that would be very negatively affected by this ruling.

This law is being put together without any common sense or thought of the disastrous ramification of this mandate. Please Please do not let this happen. It will effect so many people in Oregon and all over the world. Our farm can not function without diesel run equipment. I can assure you that I will never vote for anyone who pushes this through.
