

Submitter: Christine Gardiner

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1564

As a farmer for 15 years in Josephine County, I ask your support for this 18 month moratorium on hemp licenses. This industry is completely out of control under ODA administration. We need this moratorium as a brief hiatus to work out the challenges of regulating the cannabis industry and to uphold the State laws regarding water use, water quality protection and State wildlife habitat protection laws.

Considering the magnitude of human trafficking violations that have occurred in JoCo just in the recent two years. this moratorium is the minimum response needed from the State Legislators.
