

February 11, 2022

Dear Co-Chair Harvey, Co-Chair Girod, and Members of the Sub-Committee,

We at Bethel Education Foundation have had the pleasure of working with the Emeralds for years. Their organization has helped us not only financially, but also by donating in-kind, and providing volunteers at various events. They are a community based organization, who believe in giving back and making a difference. This has helped us fulfill our mission of supporting students and staff, and providing opportunities they may not otherwise have.

We look forward to continuing our relationship with the Eugene Emeralds in the future.

Sincerely,
Kristin King
Director of Development and Finance
Bethel Education Foundation
